

TouchMate®

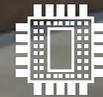

# Zenith™

## Key Features

---

Touch Screen

Intel Core i5 Processor

Up to 64GB of Memory

This ultramodern kiosk is the **Zenith** of self-service technology, merging effective solutions with stylish elegance in order to provide an exceptional customer experience.

The **Zenith** rises above the rest. Uniquely shaped to attract attention, its body smartly tapers down to its smooth pedestal, discreetly mounting to the floor. Its sharp angles, sleek lines, and sophisticated design opens up any layout, increasing foot traffic while promoting personal space. A stunning 22" ultra-high-resolution screen invites interaction with a dazzling display of text, images, and videos. This model is also customizable, with limitless color and graphic options available. What better way to stand out from the crowd than by conducting business on a showstopping kiosk that captures the spirit of your brand?

The **Zenith** may be dapper, but it is also dependable. It can act as an attendant for cinemas and theatres, a steward for sports arenas and concert halls, and a concierge for hotels and offices. With the ability to print both receipt paper and ticket stock, both of which drop down into a protective pick-up slot, there is no venue this kiosk can't handle. It also delivers on all your point-of-sale demands, from card reading to barcode scanning. When it comes to multifunctional performance, this model is truly unmatched!
